Coffee & Conversation

We are fortunate to feature Serita Beamon as our first speaker in the 2021-2022 Coffee & Conversation series. Ms. Beamon grew up in Seminole County and has been passionate about our Public Schools for her entire career. She holds degrees from Stetson University and Florida State University and specialized in Education Law. She is committed to developing innovative learning opportunities throughout public schools and ensuring all students have equitable education opportunities. Join us for an introduction to Seminole County's newest Superintendent.

LEGACY PROJECT

Class 31 Legacy Project!

Kids House Wayne Densch Children's Advocacy Center serves as the single point of contact for child abuse investigations for Seminole County, Florida. Their mission is to prevent child

abuse and to provide aid to child victims of abuse by providing all necessary services from report and investigation through treatment and prosecution in a safe, child-friendly environment.

The Hester House is a residential home on the Kids House property that Leadership Seminole Class 31 would help convert into this new space. Kids House has a long-term goal to add a mentorship program that would wraparound their advocacy and therapy clients while healing from the trauma of their victimization. Many child victims may not have a "safe" adult or someone they look up to and research has shown,

it only takes one healthy, supportive adult to change the trajectory of a child's life. **This new space would allow for this program to thrive.**

Class 31 has chosen to fundraise and donate time and materials to the renovation of the Hester House. We are grateful to Class 31 for their open hearts and proud of Leadership Seminole's continued commitment to Legacy Projects that improve quality of life in Seminole County.

Legacy Project Re-Opened!

True Health is excited to partner with Harvest Time International to bring *medical and dental services* to their Sanford location. This expansion was originally started as a legacy project for Class 21. Leadership Seminole is thrilled to see its re-opening ten years later!

We invite you to join us on **November 3rd from 11AM - 12PM** for a ribbon cutting. You will have the opportunity to see True Health's new facility, meet their team, and learn more about the company.
